**Department of Health Services
Children's Medical Services Network
(CMS Net) - Information Bulletin # 77**

University of California Davis (UCD) Authorizations

Effective immediately please send **all** outpatient and inpatient authorizations for UCD patients to:

UCD MEDICAL CENTER 24810
CCS COORDINATOR UNIT
2360 STOCKTON BLVD, STE#1300
SACRAMENTO, CA 95817

The UCD Medical Center has a centralized CCS Unit, which receives, logs and distributes all CCS authorizations. At the current time, when issuing a Web based SAR for a UCD provider, the default is to multiple addresses listed in the Provider Master File (PMF). These SARs (as well as the Legacy system authorizations,) should not go to the PMF default address, but should be sent to the address noted above.

The October change cycle, scheduled for 10/30/04, for CMS Net will permit changing to the address above (although the PMF will not change), so that the authorizations may be printed with the correct address. Until the change cycle takes place, the envelopes containing UCD authorizations will need to be hand addressed.
